Looking for a regular co-tenant!

The challenge is also a great opportunity: the space should remain as empty as possible, and therefore unpredictable and flexible in terms of media;

also suitable for ephemeral arts such as performance art, body work, dance, sound art and conceptual art.

Here – in the former drawing room of the PROGR, with its special lighting conditions through the north windows – it is presumed that not only Paul Klee learned to draw…..;-)

We are looking for one more co-tenant for one to two days per week for a rent (including utilities) of CHF 230 per month.

This results in a rental price of CHF 57.50 for 1 day per week, based on regular rental rates.

We are open to adjustments/requests - and will remain as flexible as possible ourselves.

If you are interested, please contact:
